OF

HONEST SEEDS

FOR MARKET GARDENERS

J. J. H. GREGORY & SON

Marblehead, Mass.

---

---

TO OUR  
**Market Gardener Customers**

**The "Gregory" Warranty of Seeds**

All seeds sent out from our establishment are always sold under our three warrants, viz.: 1st. That our seed shall be what it purports to be, so far as that we hold ourselves ready to refill the order anew, or to send other seed to the same amount gratis, should it prove defective in any respect. What is there to gain by selling poor seed after having made this warrant? 2d. That all money sent for seeds over one dollar shall reach us if sent by Post-office Order on Marblehead, Express Money Order, Registered Letter, Draft or Cashier's Check. Sums of one dollar and under may be sent at our risk. 3d. That the seed ordered shall reach every one of our customers. Thus we warrant everything but the crop. Other than the above we can give no warrant expressed or implied. If the purchaser does not accept the goods on these conditions they are at once to be returned and money will be refunded.

**JAMES J. H. GREGORY & SON.**

---

**Seeds Quoted in this List are to be Sent at  
Purchaser's Expense for Freight or  
Express Charges**

If customers desire seeds sent by mail, please add 10 cents per pound to cover postage.

**Beans and Peas cost 15 cents per quart for postage  
Corn 12 cents per quart for postage**

All our seeds are tested before being shipped; anything that does not come up to our usual high standard is discarded.

One-half pounds and half-pecks are sold at pound and peck rates. One-half bushel at bushel rates.

# Unique Gregory Records

DEAR SIR: I have procured for test, seeds of Regenerated Swedish Select Oats from various seed houses. It may interest you to know that the seed I procured from you represented more nearly the true type of Regenerated Select Oats than all the rest.

C. W. H. HEIDMAN,  
Bonner's Ferry, Idaho.

DEAR SIR: From one-half peck Knowles' Big Cropper Potatoes I dug 225 pounds, planted them June 10 and dug October 7, one hill of 7 tubers weighing 5½ pounds, one tuber weighing 30 ounces. Planted on new ground and no manure except ashes from burning brush.

JOHN H. SPICER,  
Buell, Oregon.

From one bushel Gregory's Excelsior Peas I sold \$110 worth. Please be sure and reserve me one bushel of these peas for this year's planting.

GEORGE A. GOULD,  
Boxford, Mass.

DEAR SIR: I planted one bushel Early Morn Peas, and harvested 90 bushels and sold them for \$2.50 to \$3.00 a bushel.

JOHN H. BURRIDGE,  
Marblehead, Mass.

DEAR SIR: On nine rods of ground I raised 1,150 pounds of your Symmes Blue Hubbard Squash, three squashes weighing 90 pounds. I took first premium at the fair.

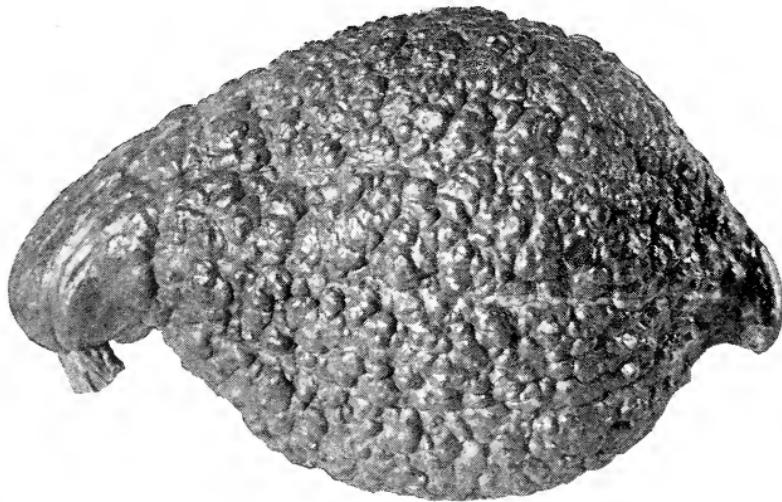

A. J. KIMBALL,  
Willimantic, Conn.

DEAR SIR: The Paris Golden Celery seed I received of you last season was the finest I ever raised.

ED WELCH,  
Clyde, Iowa.

DEAR SIR: I am writing to you to express my thanks for the returns which I have received from sowing your seeds. The All Seasons Cabbage, not a single plant failed to head, and some of them weighed 15 pounds. The Delicious Squash, I think, stands at the head of all the squash family for richness and fine flavor.

J. H. SMITH,  
Larrimore, North Dakota.
